

EXPAND.CS

Scholarship Program

Help us recruit and keep students engaged in their academic studies as full-time students, allowing them to graduate sooner, and retain their talents in Idaho by connecting them with local industry partners. Originally created as part of a 2014 Idaho Dept. of Labor Industry Sector Grant, the EXPAND.CS scholarship program has been wildly successful for students and industry partners which has resulted in this extension of the program through 2017.

Contact Chrissy Shelton in the Boise State Foundation at (208)426-1422 or chrissyshelton@boisestate.edu to become an EXPAND.CS Industry Partner today!

EXPAND.CS 2014-16

By The Numbers:

72 - Applicants (Unique)

60 - Scholarships Awarded

45 - Scholars (Unique)

66% - Interned with Industry Partners

Become an Expand.CS Industry Partner!

- ▶ A \$20,000 contribution funds four scholarships over the 2016-17 & 2017-18 academic yrs
- ▶ Get an inside track on identifying and forming relationships with top students, early in their academic careers
- ▶ To assist in evaluating applicants, industry partners are given access to application materials: cover letters, resumes, transcripts, faculty evaluations and course plans
- ▶ Network with students at department hosted scholar receptions
