Annual Application Deadlines
- December 1 for Undergraduate Engineering, Regional/Chapter & University-specific Scholarships
- May 1 for Engineering Technology, Freshman, and High School Senior Scholarships

I was fortunate to receive the letter informing me that I was the recipient of the Reuben Trane Scholarship. Your generosity turned the tide for my studying, and the exam. I am supremely grateful for the scholarship that in one package addresses financial concerns and also bestows prestige on my efforts. I realize there were many distinguished candidates who deserved the accolade of the Reuben Trane Scholarship and yet you selected me. One of my favorite quotations is from Charles Dickens’ novel David Copperfield “Whether I shall turn out to be the hero of my own life, or whether that station will be held by anybody else, these pages must show.” You, the ASHRAE’s Scholarship Trustees, are the most recent heroes of the pages of my life. I thank you for reminding me that there are heroes.

Ivan Beentjes, University of Waterloo, ASHRAE Reuben Trane Scholarship Recipient, 2015–16

I am not sure I would have reached this level in my educational pursuit without ASHRAE’s benevolent support. Your generous awards have not only helped me financially, but they have given me hope, encouragement, and tremendous self-confidence. Without support such as yours, I could not have attained my educational goals. Your scholarships have helped me not only overcome financial hurdles but have given me a strong confidence and moral boost to make it so far in my educational journey.

As a result of your generous scholarships, I have been able to devote more time to my studies and will be able complete my coursework in a timely manner.

Yoginder Rana, Ferris State University, HVACR Technology Recipient, 2015–16

For complete eligibility requirements and an application, visit www.ashrae.org/scholarships or contact:
Lois Benedict
ASHRAE | 1791 Tullie Circle, NE | Atlanta, GA 30329
Phone: 404-636-8400 or 678-539-1120 (direct) or email: lbenedict@ashrae.org
Through its scholarships, ASHRAE seeks to motivate students worldwide to pursue an engineering or technology career in the HVAC&R field. The Society’s Scholarship Program also serves the public interest by aiding in the education of men and women to become qualified to practice as engineers in HVAC&R.

To learn more or apply, visit www.ashrae.org/scholarships.

13 Undergraduate Engineering Scholarships
Available to full-time undergraduate engineering or pre-engineering students pursuing a Bachelor of Science or Engineering degree in a course of study related to HVAC&R.

$10,000
Willis H. Carrier Scholarships (2)  Reuben Trane Scholarships (3)

$5,000
Gordon V. R. Holness Scholarship – New!  Alwin B. Newton Scholarship
Frank M. Coda Scholarship  General Scholarship
Duane Hanson Scholarship  Legacy Scholarship
Lynn G. Bellenger Scholarships

$3,000
Henry Adams Scholarship

7 Regional/Chapter Scholarships

$5,000
ASHRAE Region IV covers North Carolina, South Carolina and Georgia.
- Benny Bootle Scholarship
- James R. Bullock Jr. Scholarship – New!

$3,000
ASHRAE Region III Boggarm Setty Scholarship
covers Delaware, Maryland, Pennsylvania, Virginia and Washington, D.C.

ASHRAE Region VIII Scholarship
covers Arkansas, Louisiana*, Texas*, Oklahoma and Mexico.
*Parts of these states are not within the geographic boundaries of Region VIII.

ASHRAE Minnesota Chapter Peter Potvin Scholarship
ASHRAE New Jersey Chapter Scholarship
ASHRAE Central New York Chapter King-Traugott Scholarship - New!

3 University-Specific Scholarships

$5,000
Donald E. Nichols Scholarship
Available to full-time undergraduate engineering students enrolled at Tennessee Technological University.

J. Richard Mehalick Scholarship
Available to full-time undergraduate mechanical engineering students enrolled at the University of Pittsburgh.

4 Engineering Technology Scholarships/$5,000 each
Available to full-time undergraduate engineering technology students pursuing an associate or bachelor degree in a course of study relating to HVAC&R. These include the Lynn G. Bellenger Engineering Technology Scholarship.

Freshman Engineering Scholarship/$5,000 – New!
Available to full-time undergraduate engineering or pre-engineering students entering their sophomore year of college and pursuing a course of study related to HVAC&R. Applicants must be undergraduate engineering or pre-engineering students enrolled full-time in their first year of college.

4 High School Senior Scholarships/$3,000 each
Available to full-time undergraduate engineering, pre-engineering or engineering technology students entering their freshman year of college. Applicants must be high school seniors who have been accepted into a pre-engineering, engineering, or engineering technology program leading to an associate or bachelor degree in a course of study related to HVAC&R.

Scholarships are based on the following and awarded for the academic year following the application deadline beginning with the fall semester.

- Cumulative grade point average (GPA) of at least 3.0 on a scale where 4.0 is the highest and/or a class standing of no less than the top 30%
- Letters of recommendation
- Potential service to the HVAC&R profession
- Financial need
- Leadership ability (activities, leadership roles, community service, etc.)
- Work ethics (summer jobs, part-time jobs, etc.)
