

**National Science Foundation Scholarships in
Engineering, Computer Science and Mathematics**
A \$2000 - \$10,000 scholarship, per year, for up to 4 years.

Application Deadline for Fall 2012: Feb 15, 2012

Eligibility Criteria: Must meet all requirements

- 1) Must be a U.S. citizen or permanent resident;
- 2) Demonstrated financial need (2012-13 FAFSA on file at Boise State University);
- 3) Academic GPA minimum of 2.75;
- 4) Meet one of the following criteria:
 - a) Be current Boise State student with between 6 and 90 total transfer credits from a community college or other university. *Please note: AP courses and college credits earned while in high school do not apply as transfer credits for this application.*
 - b) Transferring to Boise State with between 6-90 total transfer credits from a community college or other university with enrollment in either Math 170 or Math 175. *Please note: AP courses and college credits earned while in high school do not apply as transfer credits for this application.*
- 5) All recipients must be enrolled at Boise State as a full-time student for any semester a scholarship is awarded;
- 6) Majoring in Computer Science, Engineering or Mathematics;
- 7) Once accepted as an NSF scholar, you will be expected to participate in monthly community building activities with other NSF scholarship recipients. This might include one or more of the following: enrolling in a learning community; participating in a seminar(s); attending NSF-cohort events such as resume building workshops.

Name: _____ **BSU Student ID#** _____
(Please print – Last, First, Middle Initial)

Citizenship Status: U.S. Citizen _____ Permanent Resident _____

(Street, Apt. #, City, State, Zip)

Which address should be used for notification of application results? Permanent ___ Local ___

Fall 2012 Status: New Transfer Student _____ Current Boise State Student _____

What is your intended major? _____

Please submit the following with your application:

- 1) Completed first page of the application form with current contact information.
- 2) One letter of recommendation from an employer or college faculty member that has had direct experience or classroom contact with the student within the last two years. The letter does not need to be sealed.
- 3) Complete one of the following options:
 - a. A single-page essay that may either 1) explain your personal interest in pursuing an Engineering, Computer Science, or Mathematics related career path, or 2) provide a personal history including lessons learned of your path to Boise State University as a transfer student.
 - b. In lieu of an essay, you may instead opt for a personal meeting with the Project Director or Program Coordinator. Email tamitaylor@boisestate.edu to set up your personal meeting.

NOTE: You must have a completed FAFSA application (www.fafsa.ed.gov) through the Boise State University Financial Aid Office because this scholarship may only be awarded to undergraduate students with demonstrated financial need.
