RESEARCH COMPUTING DAYS
FEBRUARY 16-17, 2016
10 A.M.-1 P.M.
Lookout Room, Student Union Building
BOISE STATE UNIVERSITY

TRANSFORM
Your DATA • Your RESEARCH • Your CAREER

COME TO RESEARCH COMPUTING DAYS to find out how computing tools and resources can help to transform your research. Regardless of the type or combination of your data, the event will help you understand more about the computing tools that can store, format, process, and visualize data in new ways.

PRESENTATIONS
GUEST SPEAKERS: Dr. Rudi Eigenmann, NSF Advanced Cyberinfrastructure Program Director, and Dr. Steven Gordon, XSEDE and Ohio Supercomputer Center Education Lead
LIGHTNING TALKS: Boise State researchers about big data and computing
WORKSHOP: Integrating computer science into the curriculum

FEATURES
RESOURCES FAIR: Learn more about the services supporting Boise State researchers
FREE LUNCH: Sponsored by OIT
DRAWING: Win a FREE iPad
